**Re: H. R. Realty & Investments, Inc. - Application No. 02-305 (CC15)**  
**North of SW 232 Street and East of SW 107 Avenue**  
**REVISED**

Dear Ms. Fojo:

Pursuant to the state-mandated and School Board approved Interlocal Agreement, local government, the development community and the School Board are to collaborate on the options to address the impact of proposed residential development on public schools where the proposed development would result in an increase in the schools' FISH % utilization (permanent and relocatable), in excess of 115%. This figure is to be considered only as a review threshold and shall not be construed to obligate the governing agency to deny a development.

Attached please find the School District's (District) review analysis of potential impact generated by the above referenced application. Please note that two of the impacted school facilities meet the referenced review threshold. The proposed residential development will impact Centennial Middle School and Miami Southridge Senior High School currently operating at 125% and 138% of FISH % utilization, respectively. However, utilizing the County's Census 2000 figures, the proposed residential development will increase the FISH % utilization of Centennial Middle School and Miami Southridge Senior High School to 127% and 139%, respectively (please see attached analysis).

Pursuant to the Interlocal, the District met with the applicant's legal counsel on May 22, 2003, to discuss the impact of the proposed development on public schools. The District is grateful that the applicant took the time to meet with the School District to discuss possible options that may accommodate new students generated by the proposed application. As such, the applicant has voluntarily proffered a covenant to the School Board in order to provide a monetary donation, over and above impact fees. At its May 19, 2004 meeting, the School Board approved the acceptance of the applicant's proffered covenant.

Please note the attached analysis depicts the relief schools planned in the area, which includes the recently approved Facilities Five Year Work Program.

Ms. Maria Teresa Fojo  
October 26, 2004  
Page Two.

Also, attached is a list of approved Charter School Facilities countywide, which may provide relief to the area of impact, as well as a report depicting previously approved applications in the area of impact.

Additionally, pursuant to Miami-Dade County's Educational Facilities Impact Fee Ordinance the proposed development, if approved, will be required to pay educational facilities impact fees (impact fees) based on the following formula:

New residential unit square footage X .90 (Square Footage Fee) + \$600.00 (Base Fee) + 2% administrative fee = Educational Facilities Impact fee

As an example, assuming the proposed unit is 2,000 square feet, the 237-unit development is estimated to generate approximately \$580,176 (\$2,448 per unit) in impact fees. This figure may vary since the impact fees assessed are based on the actual square footage of each dwelling unit.

In accordance with the Agreement, this letter and attached information should not be construed as commentary on the merits of the pending zoning application. Rather it is an attempt to provide relevant information to the Community Council on public schools that will likely serve the proposed development and meet the referenced threshold.

As always, thank you for your consideration and continued partnership in our mutual goal to enhance the quality of life for the residents of our community.

Sincerely,

Patricia Good  
Coordinator III
